

# Increase New Tire Sales With Our Award Winning Sign Holders

## ValveStem Signpost

The ValveStem Signpost won the Best New Product Award at the SEMA Show in the Wheel and Related Category. This product threads directly onto the valve stem for a secure and reliable mounting point and utilizes popular ball/socket sign clips. Add a sign and you'll have a professional way to advertise new tires. **Price: \$15.99 Pack of 4**

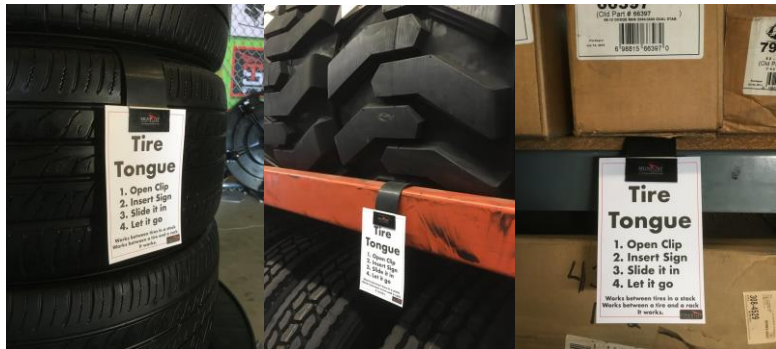

## Sidewall Signpost

Finally, a solution to signs that fall out or can't be used outdoors in windy/bad weather. The Sidewall Signpost connects the sidewall beads of any tire to the sign of your choice. Simply telescope the adjustable Sidewall Signpost on one sidewall and set the set screw. Then use nuts/bolts, plastic push fasteners, or double-stick tape to attach your sign. **Price: \$13.50 each**

## Tire Tongue

A new way to hang signs from tires or racks. Friction mounted Tire Tongue slides in between tires in a stack, or between a tire and its rack. Even works under boxes, wheels, batteries! **Price: \$15.99 Pack of 4**

## TreadMount Signpost

This sleek quick-change magnetic sign clamp is attached to the tread face of mounted or unmounted tires with it's adjustable strap. It provides a beautiful, clean, and professional alternative to stapling price and product data to displays. Works great for attaching invoices, customer labels, or work tickets to tires in the shop or warehouse as well. **Price: \$15.99 Pack of 4**
